

SpinMills Casino Review

9,000+ Games & Wager-Free Cashback

SpinMills went live in 2025 with a deep game catalogue, crypto payments, and a 30-level VIP system. That's how it looks on paper. Here's what I found after putting it through a full SpinMills Casino review.

Casino Review Statement:

SpinMills is built around player retention, with a five-deposit welcome package, wager-free cashback, and a 30-level VIP system. Payment options are wide enough to support regular play. Still, 40x bonus wagering and strict withdrawal caps take away some of that freedom.

SpinMills wasn't given a free pass. I went through every part of the platform using our [internal review process](#):

1. **SpinMills licensing, responsible gambling, and security**

3. **Payment methods at SpinMills**
4. **SpinMills's game selection**
5. **User experience at SpinMills**
6. **Popularity of SpinMills**

SpinMills's Licensing, Responsible Gambling, and Security

Safety came first in my review. SpinMills only went live in 2025, so the licensing details and player protection tools needed a close look before anything else.

Legal Gambling Age

Canada's legal gambling age is 19 in most provinces, dropping to 18 only in Alberta, Manitoba, and Quebec. Online casinos must verify ages, and each province manages gambling regulation independently.

SpinMills's Licence

I found the [licensing](#) details in the terms section and the site footer, along with a clickable certificate for direct verification. SpinMills operates under [Curaçao Gaming Authority](#) with Licence No. OGL/2024/112/0974, which sits outside Canadian regulatory jurisdiction.

Responsible Gambling at SpinMills

I checked the [responsible gambling](#) section next, to see how much control players actually have over their own gameplay:

- Self-exclusion (6 months to 5 years, activated through customer support)
- Deposit limits
- Time limits
- Minor protection
- Link to self help questionnaire from BeGambleAware
- Support for parents on how to prevent their children

Addiction Risk: Play Responsibly

Gambling can become addictive. Warning signs include chasing losses, playing longer than planned, or spending beyond your means. Support is available through [ConnexOntario](#) (1-866-531-2600), [Gamblers Anonymous Canada](#), or [Gambling Therapy](#) (gamblingtherapy.org).

What Makes SpinMills Safe

SpinMills gets the security foundations right, though third-party auditing is absent, with no eCOGRA or iTech Labs certification referenced.

- TLS 1.3 encryption for data and payments
- KYC verification
- Two-factor authentication
- Privacy policy in the footer
- RNG-certified games

My Rating of SpinMills's Licensing, Responsible Gambling, and Security

Security is taken seriously here, and it shows. Player tools are comprehensive, though independent lab auditing is still missing.

What I checked	Score	Why this score?
Licences	6.5/7	Curaçao license clearly displayed with clickable verification and visible details.
Responsible Gambling	6/7	Full toolset available, including limits, reminders, and external support links.
Security	5/6	TLS 1.3, KYC enforcement, and certified RNGs. Missing independent lab auditing.

Bonuses and Offers at SpinMills

Once the licence and security checks were done, I went straight to the [bonuses](#) page.

SpinMills Welcome Bonus

Newcomers can claim a five-part [welcome offer](#) spread across their first deposits. In total, it adds up to 400% up to \$3,585 plus 350 free spins + 50 coins.

- **First deposit:** 100% up to \$815 + 100 free spins on Wanted Dead or a Wild + 20 Coins

- **Second deposit:** 80% up to \$325 + 50 free spins on Razor Returns + 10 Coins
- **Third deposit:** 70% up to \$815 + 100 free spins on Duel at Dawn + 20 Coins
- **Fourth deposit:** 50% up to \$815
- **Fifth deposit:** 100% up to \$815 + 100 free spins in slot Pirate Bonanza

Each stage requires a minimum deposit of \$40.

[Wagering](#) is set at 40x on the bonus amount only. Winnings from free spins carry a separate 35x requirement. Every bonus remains valid for 10 days from the time it's claimed.

Regular Offers at SpinMills

Returning players aren't left with just the welcome package. Promotions continue throughout the week:

- **Wednesday Bonus:** 50% up to \$815 + 50 free spins Break the Piggy Bank (45x wagering, \$40 minimum)
- **Weekend Reload:** 50% up to \$80 with only 3x wagering (\$80 minimum, Friday to Sunday)
- **Subscription bonuses:** On the first day of every month, a new subscription goes live. A minimum deposit of \$80 unlocks [free spins](#) or cash rewards, depending on the subscription.

SpinMills Tournaments

Provider tournaments rotate regularly, mostly built around Pragmatic Play and Hacksaw games. Prize pools can reach up to \$500,000, depending on the event.

Alongside those, there are in-house competitions tied to specific titles. Instead of cash, these prize pools award coins that can be used in the Shop to open lucky boxes or exchange for free spins and bonus money.

SpinMills VIP Club

Spending more time at SpinMills unlocks additional rewards. As you move up, withdrawal limits increase and a personal manager becomes available. I checked what [VIP bonuses](#) each level unlocks to see how the perks change.

VIP Level	Cashback	Birthday Gift	New Year Gift
Level 1-2	10%	\$3	\$3
Level 3-4	10%	\$5	\$5
Level 5	10%	\$12	\$12
Level 6-8	12%	\$7	\$7
Level 9-10	12%	\$15	\$15
Level 11	13%	\$35	\$35

Level 12-13	13%	\$75	\$75
Level 14	13%	\$110	\$110
Level 15-17	13% - 16%	\$220	\$220
Level 18-19	17% - 18%	\$360	\$360
Level 20-30	19% - 35%	INDIVIDUAL	INDIVIDUAL

My Rating of Bonuses at SpinMills

A layered promotional package with standout reload terms, held back by the welcome offer's conditions.

What I checked	Score	Why this score?
Welcome Bonus	5/7	High 40x wagering and \$40 deposit keep it from a higher score.
Regular Offers	4/4	Weekend reload at 3x wagering and wager-free cashback are genuinely player-friendly.
VIP/Loyalty Program	4/4	30 levels with escalating cashback, gifts, and personal manager access. Clear progression.

Payment Methods at SpinMills in Canada

SpinMills supports several [payment methods](#) Canadians prefer across fiat and crypto. I checked the cashier to verify which methods are active.

Payment Method	Min Deposit	Max Withdrawal	Deposit Time	Withdrawal Time
Interac	\$30	\$1,500/day	Instant	1-3 days
Visa/Mastercard	\$30	N/A	Instant	N/A

CashtoCode	\$30	N/A	Instant	N/A
Flexspin	\$20	N/A	Instant	N/A

Financial Risks

Gambling involves real money and financial risk. The house always carries a mathematical edge. Only gamble with funds you can afford to lose, and set strict limits before playing.

Minimum Deposit and Withdrawal at SpinMills

Minimum deposits begin at \$15 through Binance Pay. Crypto and e-wallet methods require at least \$20, and some fiat options go up to \$35. Withdrawals start from \$35 for fiat and \$100 for cryptocurrencies.

Daily deposit limits fall between \$1,100 and \$1,500,000, depending on the method. Withdrawal caps vary based on VIP level. No commission fees are charged, and processing times range from one to three days for fiat, with crypto usually completed within 24 hours.

Cryptocurrencies at SpinMills

[Cryptocurrencies](#) take a central role at SpinMills. I counted over 18 different coins, along with lower minimum deposits, higher withdrawal limits, and 0% commission.

- [Bitcoin](#)
- [Ethereum](#)
- Litecoin
- Tether
- Cardano
- [XRP](#)
- And 12 more coins

How to Withdraw Funds from SpinMills

1. Open the wallet icon in the top-right corner.
2. Select the “Withdrawal” tab.
3. Choose your payout method.
4. Enter the amount.
5. Click “Withdraw” to submit.

Other Important Information to Know When Withdrawing From SpinMills:

- KYC is mandatory before the first payout (photo ID, selfie, proof of address)
- All deposits must be wagered 3x
- Only one pending withdrawal is allowed at a time.

My Rating of SpinMills’s Payment Methods

Good overall coverage for Canadian players. The per-transaction and daily caps are the main weak points.

What I checked	Score	Why this score?
Payment Options	6/7	Interac, MiFinity, e-wallets, and wide crypto selection. Covers most Canadian needs.
Min. Deposit & Withdrawal	2.5/4	\$15-\$20 minimums are average, but the \$730 transaction cap and \$1,500 daily limit are tight.
Cryptocurrency	3.5/4	Extensive coin selection with fast processing, but no crypto-exclusive bonuses.

SpinMills's Game Selection

Next, I turned my attention to the “Casino” tab and found more than 9,000 [games](#) available from 75+ providers. Below, I’ll go through the main sections and what stands out in each.

Casino Games Warning

Casino games are based on chance. The house edge means most players lose over time. Licensed games are independently tested for fairness. Rules and RTP vary by title. Gambling is entertainment, not income.

Recommended Slots at SpinMills

It didn’t take long to see how big the [slot games](#) section is, with 7,000+ titles listed. Categories like win multipliers, fruit slots, and high volatility titles can be filtered through the “Select collection” option, and demo play works on every game.

A few I tried:

- [Gates of Olympus](#)
- Le Zeus
- [Wanted Dead or a Wild](#)
- Razor Returns
- Valley of the Gods

Live Tables at SpinMills

[Live casino](#) doesn’t dominate the way slots do, but there are still over 355 tables running. Most tables are powered by Pragmatic Play Live and Evolution. Bets start from \$0.10. I rotated between a few in each category to see how they feel:

- [Blackjack Live](#): Power Blackjack, Infinite Free Bet Blackjack

- **[Roulette Live](#):** Lightning Roulette, First Person American Roulette
- **[Baccarat Live](#):** Peek Baccarat, No Commission Baccarat
- **[Poker Live](#):** Bet-on Poker, Caribbean Stud Poker
- **Game Shows:** Crazy Time, Sweet Bonanza CandyLand

Popular Game Providers at SpinMills

SpinMills appears to have prioritised volume from the start, bringing in 75+ [providers](#). [Pragmatic Play](#), [NetEnt](#), Big Time Gaming, [Hacksaw Gaming](#), Red Tiger, Thunderkick, EvoPlay, and Iron Dog Studio are all listed in the lobby, and filtering by provider is available via the “Select Provider” option.

My Rating of SpinMills’s Game Selection

One of the deepest libraries from a new casino, backed by strong provider diversity.

What I checked	Score	Why this score?
Games Variety	7/7	Over 9,000 titles across all categories. Hard to find a gap.
Live Casino	3.5/4	355+ tables with major providers. Lobby organisation could be better.
Game Providers	4/4	74+ providers including all tier-one studios and solid niche representation.

User Experience at SpinMills

Thousands of games mean nothing if the site is hard to use. I tested support, navigation, and mobile across multiple sessions.

SpinMills’s Customer Support

The two main channels to contact SpinMills are live chat and email. I tested the live chat at different times and received responses within three to five minutes. A chatbot responds first and passes the conversation to a human agent if it can’t solve the issue. The FAQ section is present but limited, and there is no phone support.

Anything related to ID checks or financial issues is handled via a dedicated email address.

Contact	Details	Avg. Response Time
Live Chat	Available 24/7	3-5 minutes
Email	support@spinmills.com	2-6 hours
KYC Email	kyc@spinmills.com	within 24 hours

User Navigation at SpinMills

Getting around SpinMills felt natural from the first time I entered. Main sections like Casino, Bonuses, Tournaments, and Lucky Boxes are placed across the top, while the sidebar contains account details, missions, rewards, and profile tools.

The search bar, notifications, and wallet sit in the top-right corner. Support can be reached through the chat bubble or by scrolling down to the footer. The “Casino” tab acts as the main hub for all game categories. What stands out is that most sections don’t have their own dedicated filters, especially the live casino area, where filtering is limited to providers only.

SpinMills Mobile

There’s no standalone app to download from the App Store or Google Play. Instead, SpinMills runs through a [mobile](#) browser and supports PWA installation, which lets you add it to your home screen for an app-like setup.

I tried it out on an iPhone, moving between the lobby, the cashier, and the promotions page. Nothing shifted out of place, and switching sections felt fluid. Live dealer games worked as expected too, though like any live stream, they rely on having a steady connection.

My Rating of SpinMills’s User Experience

The site runs well and chat support does its job. Traditional options like a phone line or app are missing.

What I checked	Score	Why this score?
Customer Support	5.5/7	24/7 live chat with quick replies and multilingual support. No phone option.
User Navigation	3/4	Effective layout with solid game filtering. Live casino lobby needs better sorting.
Mobile Experience	3.5/4	Fully optimised mobile site with PWA support. A dedicated app would round it out.

Popularity of SpinMills

I checked public review platforms, forums, and social channels to see how SpinMills is perceived beyond its own pages.

Player Reputation

Trustpilot shows only 10 reviews at the time of writing, and most of them are negative. Complaints refer to licensing concerns and refund-related issues. Several reviewers also describe

the bonus as not worth the effort because of the wagering requirements and maximum cashout limit.

Market Visibility

I searched around to see whether SpinMills has any real social media presence but didn't find much. Registration can be done through Google or Twitch, though there's no active Telegram or Discord channel. Reddit and Canadian forums also show little to no discussion about SpinMills.

My Rating of SpinMills's Popularity

Online presence is minimal, and early player sentiment hasn't fully turned in its favor.

What I checked	Score	Why this score?
Player Reputation	4/10	Trustpilot currently holds a 2.6/5 score, with feedback largely negative.
Market Visibility	3/10	Limited social footprint and sparse forum discussion. Still establishing itself in Canada.

A Spin Through the Mills

SpinMills entered this review as an unknown and left with a clearer profile.

The size of the game library is hard to ignore. With more than 9,000 titles, payment options are broad as well, especially with Interac, e-wallets, and a strong crypto lineup. The five-deposit welcome package, weekly promotions, and the perks associated with the 30-level VIP club, starting from the first level, give reasons to stay.

Not everything carries the same weight. The 40x wagering requirements for each stage of the welcome bonus might feel difficult to complete, and withdrawal caps of \$730 per transaction and \$1,500 per day won't suit higher-volume players.

In the end, I'm rating SpinMills 76/100.
